Research Experience

Aug. 2019 – **Robust Supervised Learning under Label Noise**, *Masters Thesis*, IISc, Bangalore. April 2021 <u>Advisor</u>: Prof. P S Sastry

- Investigated the role of loss functions in reducing the degree of 'memorisation' in neural networks for better generalisation under label noise. [Chapter 4 Thesis]
- Devised a novel sample reweighting scheme that relies on mini-batch statistics alone for robustness to label noise. These statistics capture the learning dynamics to control the degree of memorisation for better generalisation under label noise. [Chapter 3 Thesis]
- This work has led to two publications one at PAKDD 2021 and another at IEEE/CVF WACV 2023.
- Currently working towards a curriculum learning-based theory of the proposed adaptive sample selection scheme.

Sept. 2017 **Disease Onset & Severity Prediction for ALS**, *EE Department*, IISc, Bangalore. –July 2018 *Advisor: Prof. Prasanta Kumar Ghosh*

- Design and creation of a dataset comprising of speech samples from patients with Amyotrophic Lateral Sclerosis (ALS)
- Investigated utility of a variety of speech tasks along with corresponding articulatory data for automated disease onset and severity prediction of ALS
- This work has led to two publications ICASSP 2018 and Interspeech 2019

Recent Projects

March 2019 Sparse Signal Estimation by Maximally Sparse Convex Optimization.

-April 2019 Course: Compressive Sensing & Sparse Signal Processing .

- For the problem of denoising, an optimization problem that induces strong sparsity (than ℓ_1 -norm) is studied.
- Parametric non-convex penalties are proposed to ensure stronger sparsity of solution and convexity of the optimization problem
- Performance comparison was done with these baselines: *Matching Pursuit*, *Basis Pursuit*, and *Hard Thresholding* methods. [code] [paper]

Extracurricular Activities

June 2020 **Team Member**, *EMPATHS*, IISc, Bangalore.

- -Present Helping organize and moderate events related to mental health awareness and sensitization for the campus community
- June 2019 Team Member, NoteBook Drive (NBD), IISc, Bangalore.

-Present

- Helping organize annual events such as Children's Day Celebration, Note Book Distribution, and Scholarship Distribution which are carried out across 25 government schools in and around Bangalore (~ 4000 students).
